River Land Trade Will Clarify Long Standing Dispute

A land exchange which will consolidate the holdings along the Truckee river of the Flycasting Club and provide access to adjoining areas for picnicker and fishermen, was announced this week by George Steed, district ranger for the Tahoe National Forest.

Steed said that he and L. B. Young ,president of the Flycastink Club have been working for the past two years to bring about a mutually agreeable solution to the long standing problem.

Under the exchange, the Flycasters will get title to land along the river from where the bridge crosses at the old quarantine station to a point about one and a half miles below the clubhouse. This area will be kept posted by the club to prevent trespassing.

In the exchange, the forest service will get the land from below the bridge to and including the mouth of Martis Creek, parts of which have previously been posted and controlled by the Flycasters.

Fishermen now may fish this stretch of the river without trespassing, Steed explained and at the same time the Flycasters may be assured of privacy along the stretch of the river they own as a result of the exchange.

Steed said that a long-range plan projects an access road to the river below the bridge where a camp and picnic area may eventually be established with tables, toilets and a parking area.

Air Fire Patrol Is Inaugurated Here By Local Loggers

An excellent example of how private industry is cooperating with the forest service and other agencies in fire prevention measures is being demonstrated in this area by the employment of the Way Fire Patrol Service by Fibreboard Corporation and participating logging contractors.

The service was inaugurated this year by Mrs. Pauline Way of Kings Beach who operates a Cessna 172 in a patrol of logging activities, a service which has replaced the less effective ground patrols, demanded by the state.

The patrol of the nine participating operations consumed about two hours each evening after the operations in the timber is completed for the day. The pilot not only scouts the areas for possible fires, but checks for unauthorized personnel and other things which might be of concern.

The plane is equipped with a two-way radio, making it possible to keep in contact with the forest service, the Truckee Tahoe airport and Fibreboard headquarters. All conditions are reported daily to the participating concerns by forms provided by the service.

Mrs. Way said that any suspicious occurrence in any part of the forest, whether in one of her patrol areas or not will be reported. This provides a service to the forest service, various districts and individuals throughout the region.

The air service is said to be much more effective and provides quicker detection than the ground patrol, and reports are provided for future reference.

Prior to moving to Kings Beach, Mrs. Way and her husband, Harold, a mechanic for Fibreboard, lived at the south end of Tahoe where she maintained an insurance agency.

The air patrol is operated throughout the fire season on a daily basis.

Airport Lights On

The lights have been turned on at the Truckee Tahoe Airport.

The three beacon warning light and the 72 runway lights were turned on last week to provide for night flying at the airport.

The beacon lights are located on Alder Hill, northwest of the airport, at the Ponderosa Heights Estates, where the site was donated by the owners, Mr. and Mrs. Beavers and the third is northeast of the airport.

Fire Departments Add Equipment To Increase Service

Recognizing the increasing danger from fires as the population of the region swells, both the Truckee and Donner Lake Volunteer Fire Departments are expanding their facilities to provide a maximum of protection.

Both departments have recently contracted to purchase new trucks, very similar in design and made to stop smaller fires or hold them until the larger equipments reaches the scene.

The trucks are three-quarter ton Internationals with all-wheel drive with V-8 motors. They are equipped with 300-gallon tanks and have facility for a resuscitator and other emergency equipment which can be used by the volunteers.

The Donner department is enlarging its fire house to care for the new equipment expected within the next two months.

The Truckee rig will be housed in the new fire station recently completed near Smart's just west of Gateway Park.

N. F. Dolley, Truckee fire district commissioner, explained to the members of the Truckee Donner Chamber of Commerce last week that with a working agreement between the Donner and Truckee departments, the area is thoroughly protected with equipment in three strategic locations in the district embracing the communities between Truckee and the west end of Donner Lake.

Claude Dewberry Critically Injured

An urgent appeal for donors of blood is being made by friends here of Claude Dewberry, 20 years of age who is in Enloe Hospital at Chico, with critical head injuries sustained in an automobile accident that occurred in that vicinity, nearly two weeks ago.

His mother, Mrs. Marge Collier has been at his bedside since the accident and anyone who wished to help toward Claude's recovery is asked to go to the Southwest blood bank at the Washoe Medical Center at Reno, Nevada, and to ask that credit for the blood given, to be in the name of Claude Dewberry at the Chico hospital.

The young man is well known here, having graduated from the Tahoe Truckee high school and it is hoped that a large number of people in this area will respond to the appeal.

Martis Dump Plan Meets Opposition From Local Groups

Announcement that a garbage dump may be established by the Placer County Planning Commission on land located 300 feet west of the Brockway Shortcut met vigorous protest from Francis Longo of the Lahontan Water Pollution Control Board.

Longo, Truckee member of the board, said he would urge his agency to protest the plan. Longo indicated that the runoff would, in the future, cause the contamination of the valley streams and the proposed Martis Valley recreation and flood control lake to be constructed by the United States Bureau of Reclamation.

Joining the protest was the Nevada County Supervisor Henry G. Loehr who agreed that the resultant flow from the dump would be directly into Martis Valley. Loehr, who said that he would ask the county board of supervisors to oppose the location, pointed out that other, more suitable, land is available. This factor, he said, has been proposed to the Placer County Planning Commission but met rejection due to inconvenience and a slightly longer haul that would be required.

The two acre site selected for the dump is owned by Fibreboard Paper Products Corporation which strongly opposes the location on the basis that it will endanger a heavily forested timber reserve, create a contamination hazard, increase the risk of fire, and unnecessarily despoil one of the area's scenic spots.

Improvements At Alpine Are Planned

Developers of Alpine Meadows have obtained official permission from the U. S. Forest Service for the installation of a new ski lift and an improved traffic pattern near the lodge.

The new lift, which is expected to cost in excess of $100,000 will be to Weasel Pass, said to be one of the best skiing areas in the region. It is expected to be installed before the season opens.

The traffic situation will be improved with the building of a loop road at the lodge and more parking space. George Steed, district ranger for the Tahoe National Forest, said the go ahead was recently approved by his agency.

LAUNDERETTE OPENS IN DONNER LAKE AREA

Mr. and Mrs. Robert Daneri have opened their new Donner Trail Launderette in the former Donner Trail Lumber Company building a mile and a half west of Donner state park.

Twenty new washing machines and seven dryers have been installed and the building was completely decorated with tile and other appointments to bring it up to a modern design. The machines are coin operated and the launderette is open 24 hours a day.

ACROBATIC ACT IS BIG FEATURE WITH SHOW AT NEVADA

In what one critic has called "one of the most exciting adagio dance routines of the current year" Jacqueline Douguet and Bernard Chareyron stop the show in Frederic Apcar's Vive Les Girls revue now in the Topaz Room of North Lake Tahoe's Nevada Lodge.

Their daring acrobatic dance duet inspired by the great love ballets of the classics blends grace, strength and earthly beauty into a mosaic of breathtaking spins and twirls.

Statuesque Jacqueline, with sparkling dark-brown eyes and hair was born in Paris. She started her dancing at 12 in the Casablanca Conservatory—strictly classical. At the end of three years she was the premiere danseuse, having won three grand prizes for her progress in ballet. Returning to Paris, she joined the conservatory there, polished her ballet work and was spotted by Henri Varna, "le grand patron" of the Casino de Paris. Varna, took one look a this Parision beauty and uttering the Gallic equivalent of "Wowee" . . . hired her for his famous night spot.

From the "Casino de Paris" to Frederic Apcar's Vive Les Girls was only a hop-skip and a jump over the Polar route to California where she stars now in Apcar's enchanting Paris-created revue at the Nevada Lodge.

Her partner, Bernard Chareyron, is as handsomely masculine as Jacqueline is beautiful. Educated in Paris, Bernard became fascinated by the bright lights of the Parisian entertainment world.

Alternating with the Vive Les Girls revue at Nevada Lodge is the unpredictable Jo Ann Jordan Trio. Beauteous Jo Ann adds uproarious comedy to her exquisite vocal stylings to make a complete showbill that offers an evening of exciting entertainment for visitors to Nevada Lodge.

"Golfin' Daze," a luncheon, fashion show and choice of golf or bridge made for a busy, fun afternoon at the Chataux at Incline Village Tuesday. Guests were welcomed by Mrs. Arthur L. Wood who introduced the chairman, Mrs. Harold Tiller. Decorations for the table, tiparillos and candy favors courtesy a cigar company of Reno, and fashion show arrangements were made by Mrs. George Gleed who also was commentator of the fashions and chose those shown from the shop of Pete and Alma Peterson.

Larry Tiller, son of Harold and Ann, in appropriate attire, drove the golf cart which brought the models to the stage. Modeling were Tricia Holley, Virginia Flagg, Linda Tiller, Evelyn Justice, Frances Hayman, Sharon Indiviri and Carl Shaff modeled the men's clothes shown.

Lou Marsh and Tony Adams, a comic team appearing at Cal Neva Lodge, were present.

Much to the interest of those present, Danny Thomas arrived to play a round of golf.

Ellen Templeton, former Kings Beach resident, came over to the affair from her home in Reno. Her guests were Billie Jurs, Mickey Dew and Nadine Hill.

Guests of Inez Jordan, president of the Women's Club, were Stella Startz, Ruth Creamer, Grace Hume and Dorie Melrose. Also at the table were Renoites Ann Moore of Hidden Valley, Jacquie Nightingale, Susie Austin and Marilyn Pinkerton of Hidden Valley, Midge Austin of Carson City, Jeanne Weise of Incline Village, and Collette Mettler of Agate Bay.

Dorthia Whitley, Pearl Engelhard and her guest, Doris Bradley, made up the rest of the table for the Women's Club of North Tahoe.

Bev Ribal, Maxine Polzin, Marlene McCourry, Dorothy Warrington, were among other guests who enjoyed the afternoon.

High bridge prize was won by Nova Baldwon. All around golf winner in Class A was Elsie Martin of Tahoe City.

Over 200 attended of which 120 were golfers.

Dorthia Whitley of Kings Beach visited friends in Sacramento over the weekend and her sister, Onita Dill in San Francisco.

Melvin and Lorene Kennedy and grandmother, Julie, of Witchia, Kansas, are visiting at Kings Beach with sister-in-law Eunice Landrum.

Mrs. Landrum is spending the summer with Lillian King. The Landrums were former owners of the North Shore Club.

Margaret Stayner of Berkeley has been a house guest of Hewitt and June Clark at Incline Village. Daughter, Barbara, celebrated her birthday July 21 and a dinner party was held for her at the Clark home.

Pat Crowe of Kansas City is visiting her brother and family, Joe and Kathy Crowe at Incline Village.

The Placer County Chamber of Commerce holds it regular meeting Thursday, July 20, at the Foothills Banquet room of the Foothills Motel in Auburn at 7:30 p. m. Wives are invited.

A hello to Tom and Theresa Sutton in Walnut Creek. We must have been thinking of them as we note an error and make a correction in an item in last week's column.

Larry and Betty Pelusao and children, Robin, Harry and Larry, of Oakland visited his sister and brother-in-law, Johnny and Jerry Rayburn (not Sutton) at Incline Beach last week.

Carlton Konarske, president of the Greater North Lake Tahoe Chamber of Commerce has appointed a committee to work on getting more publicity for Highway 80 as the route to take to Tahoe. An association similar to Highway 50 Association may be formed and called Tahoe 80.

This committee will also work to have the Truckee short-cut accepted into the State Highway System.

Al and Clair Bettencourt of Tahoe Vista entertained as their dinner guests, Assemblyman and Mrs. George W. Milias of Gilroy, (Assemblyman for the 22nd District), Mr. and Mrs. Don Sletting of Saratoga, (campaign manager for the assemblyman), Mr. and Mrs. Frank Perrelli, Mr. and Mrs. Wm. Hull, and Mr. and Mrs. Don Cimino of Gilroy.

Pauletta Brown has finished her second year at Reedley College and is visiting her parents, Frank and Margaret Austin at Tahoe Vista.

Pauletta first visited her sister and family, Sharon and Bud Wheeler and baby, Steven, at Phoenix, Arizona.

The Austins with sons, Don and Randy, went by trailer to Phoenix to visit the Wheeler and and pick up Pauletta. From Phoenix they visited the Grand Canyon, Zion National Park, Hoover Dam, Las Vegas and stopped in Los Angeles for several days to visit relatives. A marvelous trip but all are happy to be back to Tahoe Vista.

Happy birthday to Pauletta who celebrated her natal day on July 28th and a happy anniversary to Frank and Margaret Austin who

Tickets for the event are available at Donner Lake Lodge where the tour starts at 1 p. m.

With all the water skiing and swimming going on now, it's wise to heed the rules of the Coast Guard.

All boats should take off with their skier in a counter-clock wise direction, to the right from shore or pier, make their circle and return from the left to drop the skier. Be sure to have an observer plus the driver.

This ends much confusion and possible accidents.

It must be remembered too that sail boats have the right of way, after all they aren't as maneuverable.

Another caution, don't run boats out on the lake after dark without lights.

Mr. and Mrs. Harold Hall have had Hazel's mother Mrs. Fannie C. Phillips from Aberdeen, Washington, as a house guest.

Her stay has been longer than expected due to a turned ankle while out walking, however. She has been able to enjoy the activity at the lake from the Halls big porch.

The Tinker Belles had a cool day to work out on the Tahoe Forest Hospital grounds Tuesday. The garden club gals really pitched in and did some much needed planting and cleanup work. Excavation has started for the foundation of the new addition to the building.

It is hoped through the joint efforts of the Hospital Auxiliary and the Tinker Belles, that a landscaping and planting fund will be established to beautify the grounds.

The big problem though is to find someone who will keep up the watering and maintenance after the plants and shrubs are put in.

ACCIDENTS

(Continued from Page 1)

car.

Five vehicles were damaged and three people injured in a collision in Gateway Shopping Center at 4:45 p. m. Thursday. The highway patrol said Jean E. Taselk, 37, Truckee started to make a left turn to a parking area and drove in front of a car driven by Vaudois Mayrhofer, 54, Sacramento which was traveling in an opposite direction.

Mrs. Mayrhofer swerved to avoid a headon collision, lost control and rammed into the rear of a pickup truck parked and owned by Gale Blair, 31, of Lodi. The impact threw the Blair pickup into a pickup, also parked and owned by W. D. Randall of Truckee. In the mixup Mrs. Mary Edna Ragan, 41, Truckee, who was starting to get into her car, which was also hit, was knocked to the pavement.

Mr. and Mrs. Mayrhofer were taken to the Tahoe Forest Hospital with minor injuries and Mrs. Taselk was cited for failure to yield the right of way.

James Lisle, 27, Tahoe City, a passenger in a car driven by Earl K. Davis, 26, Tahoe City, was hospitalized after the Davis car struck the rear of one driven by Mrs. Annie E. Soll, 72, Tahoe City, in Tahoe City Thursday at 9:30 p. m.

Davis was cited for not having his vehicle under control.

Robert F. Stein, 26, Olympic Valley, escaped injury Thursday at 5:30 a. m. when he apparently fell asleep and his car ran off the Squaw Valley road.

Forrest D. Denton, 18, Kings Beach, was cited for speeding after his car failed to negotiate a curve south of Tahoe City at 11:30 p. m. Friday and ran off Highway 89.

Three local young people, Ronald Walker, 14, Debra Harris, 12, and Nancy Randall, 13, escaped serious injury Monday evening when the car driven by the Walker boy overturned on the Squaw Valley road. The driver and the Harris girl were treated for minor injuries.

JIM HEUGA NAMED FOR INCLUSION AS OUTSTANDING MAN

TAHOE CITY — The Greater North Lake Tahoe Chamber of Commerce announced that Jimmy Heuga, Tahoe City's Olympic ski champion has been selected for inclusion in the 1965 edition of Outstanding Young Men of America. Heuga was nominated earlier this year by the chamber and has been selected by a thirteen man national board of editors for the publication.

Doug Blankenship, past U. S. jaycee president (1962-63) who is serving as chairman of the board stated that men were selected between the ages of twenty-one and thirty-six who "had distinguished themselves in one or more fields of endeavor to the point of being outstanding."

Outstanding Young Men of America is an annual biographical compilation of approximately 10,000 young men of outstanding rank throughout the country. Nominees for the book come from many sources, however, the majority of the nominations are made by Junior Chamber of Commerce Chapters, Chamber of Commerce and College Alumni Associations.

DIVOT DIGGERS

By Georgiana King
(Ponderosa Country Club)

Hi ya, Divot Diggers! Bet you thought I was—I'm not, I am still your golf reporter. Let's alll golfers do something about "doing something." Come to the golf club meeting Monday night at 8 p. m. It will be held at the club house August 3.

Please let's make it a 100 per cent attendance. We do have some very important functions coming up so let's make them a success. You all come!

Pres. Dick Paddock told me yesterday that whoever is to participate in the championships of the Ponderosa Golf Club must qualify by August 15. That gives us less than 3 weeks.

How about coming out of the wild blue yonder and down to earth, Betty Kielhofer, and a little golf? Good luck to you on your solo flight.

Hear that the Gordon Butterfields have joined the Ponderosa Golf Course. Glad to have you.

Wish you all could have experienced the terrific hail storm on the course. Our group was just teeing off the fourth when the rains come—then the thunder, lightening and HAIL. After waiting a while we decided to take off for the club house. Dave Rose really took off. Must have been a track star! Everyone was a pretty sorry looking bunch, but took it with good spirits.

George Franchesini is getting to be quite a golfer. I see John Besio, Ron Walker, Ron Baker, Gene Osborn, Mouse Frates,, Ken Brettthauser and my two boys, Bruce and Ben are taking up the game with verve. Good to see the young ones out.

O. K. seems that's all for this week. See you Monday evening, August 3. No excuses.

Send me a new trumpet
Address: Anchorage, Alaska

Robert Atwood, Alaska newspaperman and amateur musician, had just put his trumpet to his lips when the earthquake hit. Running outside, he found himself on the ground, arm and trumpet buried shoulder-deep in rubble. To extricate his arm, he had to surrender the trumpet.

One trumpet: a small loss. Perhaps.

The earthquake damage was confined, fortunately, to limited areas. Alaskans are fighting back. Engineering tests are being made to locate safe sites for rebuilding. Materials and equipment are pouring in. Despite a short building season, Alaskans plan to have rebuilding well along by Christmas. Ambitious — but very Alaskan!

Alaskans are going about their jobs. In damaged areas, merchants are supplying their customers. Schools, hotels and public services are functioning. Alaska's splendid visitor attractions and accommodations are open and inviting.

Standard, too, lost heavily, but our service did not stop. Within hours of the earthquake, our products were supplying heat and energy to distressed communities. Today, even as *we* rebuild, they supply energy for Alaska's reconstruction. We've served Alaska almost 80 years. We intend to go forward.

Bob Atwood's impatience to have a new trumpet is symbolic of all Alaskans' determination to recover life's amenities. They came north-by-west to build that life in their Big Land. They mean to get on with it.

Their courage and optimism make all Americans walk ten feet tall.

MARLENE MAUGHAN WEDS FRANK HARRIS

Marlene G. Maughan and Frank L. Harris of Sacramento and Norden were married during a recent ceremony in the home of the bride's parents, Mr. and Mrs. Cyril A. Maughan, Hoyfjellet Lodge, Norden.

Elder Starr L. Brockbank, of the Church of Jesus Christ of Latter Day Saints in Tahoe City, solemnized the vows.

Dianna G. Anderson of San Jose was the honor attendant and Richard McKenry of San Jose was the best man. Ring bearers for the double ring ceremony were the nephews of the bride, Masters Scott Lull and Jack Maughan, Jr.

Mrs. Elmer Lull, the sister of the bride, baked the wedding cake which was presented to the guests on a 100 year old crystal pedestal plate, which had held the wedding cake of the bride's parents 34 years ago. Decorating the bride's table was a pair of crystal candelabra, also family heirlooms. Dini, Miki and Lori Lull, the three young daughters of Mr. and Mrs. Elmer Lull, serenaded the bride with an a capella rendition of "Because."

The bridegroom is the son of Mr. and Mrs. Charles Harris of Cutbank, Montana.

After a wedding dinner, enjoyed by members of the family and close friends, the newlyweds departed for a honeymoon to an unknown destination. They will live in Sacramento.

Guests attending included Mr. and Mrs. Elmer Lull and family, Mr. and Mrs. Virgil Anderson and Mr. and Mrs. Jack Maughan and family of San Jose; Mr. and Mrs. Bob Maughan, Dick Adams, Dale Mason and Mrs. Milt Avila of the Donner Summit area; Mr. and Mrs. Warner Wright of Milpitas, the aunt and uncle of the bride; Mr. and Mrs. Bob Chapman of Bijou; Mr. Jim Porten of Auburn; Mr. and Mrs. Phil Kolby, Shirley Fanning, Macy Jordas, Dick Hall, Bob Miller and Bob Thompson of Sacramento.

CARD OF THANKS

I wish to take this means of saying thank you for the many acts of kindness extended to me during my recent hospital stay.

Also a special thanks to the Tahoe Forest Hospital staff for the wonderful care I was given.

LAST RITES HELD FOR MRS. RUTH THURMAN

COLFAX—Funeral service were held at 2 p. m. yesterday in Quinn's Sierra Chapel in Colfax for Mrs. Ruth Tuttle Thurman, 71, of Colfax, who with her husband formerly published the Colfax Record, a weekly newspaper.

She died Sunday night in Grass Valley hospital after a long illness.

AIRPORT OFFICIALS IN SOUTHERN MEET

Airport District Directors Tom James and Alan Lewis will accompany Andrew Creglow, airport manager, to Los Angeles today where they will testify before a state senate fact finding committee on transportion and public utilities headed by Senator Ralph Collier.

The hearing is designed to determine airline service and information on airports in an intra-state system proposed by the legislature.

Creglow said a master plan for systemizing the air fields in the state to meet a state plan will be discussed. A result of the hearing may be beneficial in providing additional funds for airports in the state through an aviation gas tax revenue.
